Legislative Update, Glen Robison, HAPAC Chairman

LOUISIANA HEALTH AGENTS POLITICAL ACTION COMMITTEE

HAPAC update by Glen Robison, Chairman

I want to thank all our members who have renewed their HAPAC membership. The response has been very pleasing to our board of directors. However, there are a few of you out there who have not renewed yet or who have not joined our cause. We are in the most threatening time of the history of health insurance right now and we need every broker/agent who makes a living in our industry to step up to the plate. We cannot do this by ourselves, we need you to join us. Please don't count on the work of a few to fight your fight. If you are not joining us then the war could be lost. As our old Uncle Sam use to say, "WE WANT YOU!!"

I want to express my thanks and gratitude to Ronnell Nolan, our LAHU lobbyist and HAPAC board member for all her work on getting the 1300 letters together from our clients to all the senators and congressmen in Washington, DC. She spent an uncanny number of hours to organize a fantastic agenda to present to our legislators. She also spent her time and money to go to Washington twice to meet with these people who are making decisions for our and our client's future concerning our freedom to have health insurance. She is truly a great American and a wonderful asset to our association and industry. When you see her or talk with her, please express your thanks for all that she does for us.

We are still fighting the fight and like General George Patton said so many years ago, "We attack, attack, attack, and when it is over, we attack some more. Now, get off your duff, and join us. You can contact me or Ron Nezat concerning joining our Health Agents PAC. My office number is 337-234-9401.

Remember, "I would rather die on my feet, than to live on my knees!" General George Washington
